Dear Mr. Anderson:

The Chairwoman of the Illinois Health Facilities and Services Review Board acting on behalf of the State Board approved the project referenced above. This approval was based upon the substantial conformance with the applicable standards and criteria in the Illinois Health Facilities Planning Act (20 ILCS 3960) and 77 Illinois Administrative Codes 1110 and 1120.

As a result of the approval of this project The Carle Foundation Hospital has 331 medical surgical beds, 35 obstetric beds, 20 pediatric beds, 58 intensive care beds, 20 comprehensive physical rehabilitation beds and 25 neonatal intensive care beds for a total of 489 authorized beds.

Permit renewal requests must be in writing and submitted at least 45 days but not more than 90 days prior to the project's scheduled completion date.
