Re: #E-001-22 – Peoria Day Surgery Center, LTD.

Jennifer:

We have a few additional questions, and we need some additional information.

1. Please provide an additional page 1 with Springfield Clinic LLP as an Applicant.
2. Does Springfield Clinic Health Services, LLC have control of Springfield Clinic LLP. If so, this LLC needs to be included in the post organizational chart and is considered an Applicant. Please provide an additional page 1 for Springfield Clinic Health Services, LLC.
3. Please provide a certificate of good standing for Springfield Clinic LLP.
4. It appears that this application is only proposing a change of ownership of the licensed entity. The purchase of the real estate will also require a change of ownership application.
5. On Page 13 of the application for exemption we need the charity care information for Peoria Day Surgery Center, LTD and for Springfield Clinic LLP.
6. On Page 29 we are going to need a response to the Quality Improvement Program.

Sincerely,

Mike Constantino
Project Reviewer
