Hello,

I am writing to share my support for the pending purchase of West Suburban Hospital (West Sub) by Resilience Healthcare led by Manoj Prasad. I am looking forward to extending the collaborative approach to providing excellent full service healthcare to Oak Park and surrounding communities initiated by current CEO Barbara Martin in partnership with Mr. Prasad. The Village of Oak Park continues to be grateful to West Sub for recognizing growing needs for mental health and women's health programs. The Oak Park public health department will be looking to West Sub to assist in addressing glaring health disparities for Black and Brown communities during the pandemic. West Sub has always held a strong relationship with the Village in service to our residents. It is my firm belief that that relationship will only grow with Resilience Healthcare.

Sincerely,

Vicki Scaman

Village President
