Dear Mr. Constantino,

I am writing to you about my concerns about the sale of Weiss and West Suburban hospitals. Over the past several months members of our community have tracked the unfolding of the proceedings around these sales. I am grateful for the work that the Board has performed to date in their effort to assess the exact nature of this transaction.

I believe that the Review Board should approve with respect to:

1. Resilience needs to buy back the parking lot land so that the Hospital has a place to expand to (as Resilience said that it wants to).
2. There has to be a guarantee that Resilience and its chief financial investor will preserve and expand all services to the community.

I verily appreciate your consideration in this important community matter.

Respectfully yours,

Michael McHugh/Concerned Citizen
