Services Review Board

Dear Ms. Savage:

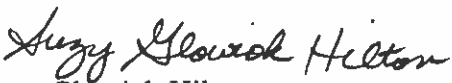

I am writing to express my support for the development of Summit Center for Surgery in Oakbrook Terrace. Dr. Ibrahim Majzoub has submitted a Certificate of Need application for this project, and I believe that it would be a valuable addition to our community.

Dr. Majzoub has a long track record of providing accessible care to area residents. He has a thriving medical practice and urgent care center in Oakbrook Terrace, and both of these facilities are located in the same building as the proposed surgery center. This would allow patients to receive all of their care in one convenient location.

In addition, the proposed surgery center would be a welcome addition to our community because it would allow for outpatient surgery to be performed in a lower-cost setting. This would benefit patients by reducing their out-of-pocket costs and by allowing them to recover at home more quickly.

I urge the IHFSRB to approve Dr. Majzoub's Certificate of Need application. I believe that the Summit Center for Surgery would be a valuable asset to our community.

Sincerely,

Suzy Glowiak Hilton
