RE: DCRNC Hearing (23-024)

Good day,

Hello. My name is Melissa Gallagher and I have a loved one at the DeKalb County Rehab & Nursing Center. I am writing this letter to you today to plead to you to not give Saba Healthcare our operating license.

Saba Healthcare has had numerous violations levied against them at the facilities they own. These violations have been investigated and documented by The State of Illinois. Many of these violations have resulted in serious tags, which resulted in hefty fines. Currently, most of all of Saba Healthcare facilities in Illinois, have a 1 star overall rating, and 1 star rating for health inspections, quality measures, and staffing (information taken from medicare.gov website). They also have a combined number of 170 citations for various unsatisfactory business operations.

The nursing home has been in business for over 160 years. It has evolved from a "poor farm" to the fine Rehab and Nursing Center that it is today. It's a shame, that due to a series of mismanagement and blunders from the County, that the nursing home is where it is today. They deserve better than to be sold to the highest bidder, with the lowest quality rated care. I have read some of the more serious violations, and frankly, it frightens me that this might happened to the residents of the nursing home.

In closing, again, please do not give Saba healthcare our license. We love the home just the way it is. I do not want the residents treated like those poor individuals at Saba's other healthcare facilities. They deserved better than the subpar care they received. Thank you for your time.

Sincerely,

Melissa Gallagher

They deserve better than to be sold to the highest bidder, with the lowest quality rated care. I have read some of the more serious violations, and frankly, it frightens me that this might happened to the residents of the nursing home.

In closing, again, please do not give Saba healthcare our license. We love the home just the way it is. I do not want the residents treated like those poor individuals at Saba's other healthcare facilities. They deserved better than the subpar care they received. Thank you for your time.

Sincerely,

RE: DCRNC Hearing (23-024)

Good day,

Hello. My name is Bertha Byro, and I am a 6⁺ year resident here at the DeKalb County Rehab & Nursing Center. I am writing this letter to you today to plead to you to not give Saba Healthcare our operating license.

Saba Healthcare has had numerous violations levied against them at the facilities they own. These violations have been investigated and documented by The State of Illinois. Many of these violations have resulted in serious tags, which resulted in hefty fines. Currently, most of all of Saba Healthcare facilities in Illinois, have a 1 star overall rating, and 1 star rating for health inspections, quality measures, and staffing (information taken from medicare.gov website).. They also have a combined number of 170 citations for various unsatisfactory business operations.

Our nursing home has been in business for over 160 years. It has evolved from a "poor farm" to the fine Rehab and Nursing Center that it is today. It's a shame, that due to a series of mismanagement and blunders from the County, that our nursing home is where it is today. We deserve better than to be turned over to the highest bidder, with the lowest quality rated care. We have read some of the more serious violations, and frankly, we are quite scared that this might happened to our residents of our facility.

In closing, again, please do not give Saba healthcare our license. We love our home just the way it is. We do not want our residents treated like those poor individuals at Saba's other healthcare facilities. They deserved better than the subpar care they received.

Sincerely,

Proud resident of DCRNC
