Please stop the sale of the
DeKalb County Nursing Home
and rehab Center.

It frightens me to wonder
where we would get quality
help for my parents and my
in laws.

The DeKalb County Nursing Home
has come to our aide in
helping us with my father in law
after his heart surgery.

The care he received was impeccable
This company interested in
taking over this facility has
a terrible reputation with
several violations with the IDPH.

It would be an absolute
travesty to lose this establishment
from our community.

Please vote with compassion
and make the right decision
to save the DeKalb County
Nursing Home and Rehab Center.
Thank you for your time.
