RE: Project 23024

Good Day,

Hello, my name is Mary Roman and a 8 year resident of DeKalb County Rehab and Nursing Center and a proud member of the Resident Council

I am writing in opposition to the sale of the DeKalb Rehab and Nursing Center to SABA Healthcare purchasing our nursing home, and would appreciate any support you can give.

We do not want to live in a facility where we are uncomfortable and have to live in fear. Personally have not felt this way about the DeKalb nursing home since I have been living here and would like to keep it that way.

When the Nursing Home is informed of a complaint or problem, the administration works quickly to resolve the issues.

Please do not give SABA Healthcare our operating license. We do not want them to take over our facility. SABA has numerous state documented violations. We love our home just the way it is.

RE: Project 23024

You know what, when I set here and think about the fear I have worrying what would happen if SABA taking over our home. I can't help myself but have tears come down my face and cry. I have ever wake up at night where I had been dreaming about the hardships it has caused me at this time

Another thing that has me in fear is the threatening letters I received from an anonymous person, stating many words but the one I so braked was "you think this is bad just wait until the new owners take over. I was the only person to receive this letter. I tell you I am afraid if they take over"

We pray that you consider our
 please not to give them our home,
 when making your final decision
 just imagine if this was your
 loved one, would you feel comfortable
 having them live under these
 conditions at SABA Healthcare.
 No! No! I would never even think
 of putting my love one living under
 those conditions of being so uncomfortable
 and uncared for. This is no way to
 have your loved one living that way
 in their final days.

Please keep our nursing home
 families in your prayers. I personally
 thank you. Our residents and staff
 thank you too.

Mary A. Roman
 A very concerned resident
