Re: Letter of Support  
For Certificate of Need Project 23-037  
OSF St. Joseph Medical Center Bed Expansion

Dear Ms. Savage and Mr. Kniery

I am writing in support of the proposed project at OSF St. Joseph Medical Center (SJMC) in Bloomington to add 15 ICU and 10 medical/surgical beds.

OSF St. Joseph Medical Center plays an important role as a referral center for hospitals and other health care providers in the central Illinois. In the past three years, our hospitals have referred 125 patients to SJMC. Many of these referrals enabled patients to receive specialized services that are either not provided at our hospitals or were because our hospitals were at capacity and beds/staffing were not available. SJMC has been accommodating our requests when they had available beds to accommodate our patients. On occasion SJMC was at capacity and unable to accommodate referrals, which is testimony to their need for additional beds.

I urge the Health Facilities and Services Review Board to approve this project at its meeting on December 5, 2023.

Sincerely,

Dawn Trompeter
