Dear Mr. Green:

On March 26, 2023, the Chairwoman of the Illinois Health Facilities and Services Review Board (“State Board”) acting on behalf of the State Board approved your request the discontinuation of the open-heart category of service at MacNeal Hospital, 3249 South Oak Park Avenue, Berwyn, Illinois. The approval was based upon the application's compliance with applicable provisions of 77 IAC 1130. The Hospital is authorized for 68 acute mental illness beds, 208 medical surgical beds, 26 intensive care beds, 25 obstetric beds, 25 long term care beds, 10 pediatric beds, and 12 rehabilitation beds for a total of 374 authorized beds.

You are reminded that this exemption for the discontinuation of a category of service shall be invalid if the exemption holder fails to submit a statement to the Board within 90 days after the completion date of the discontinuation, or such longer period as provided by the Board, certifying that the discontinuation has been completed. Failure to provide the required notification shall subject the exemption holder to the sanctions provided under Section 14 of the Illinois Health Facilities Planning Act. The exemption holder is also reminded that 77 IAC 1130.140 defines transactions that constitute a change of ownership of a health care facility. You should become familiar with those definitions.

The State Board's approval does not exempt the transaction from any other regulatory, certification or licensure requirements that may be applicable prior to acquisition.

Should you have any questions or concerns, please contact Mike Constantino or George Roate of my staff at Mike.Constantino@illinois.gov or George.Roate@illinois.gov or 217.782.3516

Sincerely,
