Re: Letter of support for Advocate Health Care's Ambulatory Surgery Treatment Center

Dear Ms. Savage,

As an independent physician of Emergency Medicine, and a contracted provider of emergency care at Advocate Good Samaritan Hospital, I am writing to show my support for Advocate's ambulatory surgery treatment center and outpatient center in Naperville.

This new site will provide much needed access and additional cardiovascular services to many patients across our communities. In working at Good Samaritan Hospital, I know this will be a valued asset in reaching more patients, as well as expanding our capacity to care for high acuity patients at the hospital with the addition of a nearby comprehensive cardiovascular center.

I strongly believe in this new site proposal and encourage the CON Board to please support this important project, which will have a positive impact on our patients across our local communities.

Sincerely,

Michael Logan, MD
