Debra Savage, Chairwoman
Illinois Health Facilities and Services Review Board
525 West Jefferson, 2nd Floor
Springfield, Illinois 62761

Dear Chairwoman Savage,

We write asking you to approve Advocate Health Care's Certificate of Need (CON) application for the Advocate Cardiovascular Ambulatory Surgical Treatment & Outpatient Center (ASTC) planned for 1836 Freedom Drive in Naperville. A more than \$52 million investment in this community, the facility will expand patient access to over 45,000 visits annually with primary care and cardiovascular specialty clinicians in one convenient location.

The center will not only improve access to preventative care, but also offer cardiac care on an outpatient basis, including diagnostic services, lab, imaging and catheterization services, with a procedure room and prep/post recovery space.

Naperville is the fourth most populous city in Illinois. And we keep on growing as more and more people move here every year. We are excited to welcome this new facility to our community to continue to expand high-quality and affordable health care options for the benefit of our residents and their wellbeing.

Sincerely,

Scott A. Wehrli
Mayor, City of Naperville
