Message:

OSF wants to close the hospital they run in Ottawa, Illinois. They have already removed services in the hospital in Streator Ill. OSF was given by that hospital by Ottawa with the understanding that they would run it as a full service hospital for the residents of Ottawa and the neighboring communities. They are breaking that promise. There already is a lack of medical care for women starting families. If OSF cannot continue running the hospital it should be given to another entity that will. The people of Marseilles, Sheridan Serena etc...will also benefit from having a dependable service they can reach in emergencies. The farming communities and families in Ottawa deserve reliable medical/emergency services. Natalie
