WHEREAS, on March 6, 2024, OSF HealthCare announced it would be constructing a new multi-million-dollar hospital in Ottawa to replace the current Saint Elizabeth Medical Center in Ottawa, Illinois, which it states is nearing the end of its useful life; and,

WHEREAS, with this few multi-million-dollar hospital, OSF HealthCare will be reducing the services provided at Saint Elizabeth Medical Center - Ottawa; and

WHEREAS, OSF HealthCare is reducing the number of medical/surgical beds in Ottawa to only twelve beds, a significant decrease from its current bed capacity; and

WHEREAS, the lack of medical services being provided in Ottawa and Naplate will strain the Emergency Medical Services and Transport community as there will be a large flux of patients requiring transport to other locations, wasting the valuable time of Emergency Medical Service staff of not just Ottawa and Naplate, but other local districts EMS providers also; and

WHEREAS, the reduction in medical services provided at Saint Elizabeth Medical Center - Ottawa will require longer transportation times for the citizens of Ottawa and Naplate and surrounding communities who require services no longer provided in Ottawa and Naplate; and,

WHEREAS, the reduction in medical services will have a direct negative effect on Ottawa and Naplate's ability to attract quality health care providers; and,

WHEREAS, the lack of medical services being provided in Ottawa and Naplate will have a direct negative effect on the ability of Ottawa and Naplate to attract economic development; and,

WHEREAS, OSF HealthCare only informed City Officials of Ottawa a few hours prior

to its public announcement of the new hospital and reduction of services at the new hospital; and

WHEREAS, at the time Ottawa Regional Hospital merged with OSF Healthcare, OSF stated residents will experience greater access to health care services, but OSF HealthCare's plan for Saint Elizabeth Medical Center - Ottawa is instead reducing vital health care services to our citizens; and

WHEREAS, the Village of Naplate is adjacent to the City of Ottawa and shares many services and needs with the citizens of the City of Ottawa and agrees with the Council of the City of Ottawa that the OSF HealthCare's plans regarding Saint Elizabeth Medical Center - Ottawa negatively affects the health, safety and welfare of the citizens of Naplate and Ottawa; and
