Chairwoman Savage,

I am writing to express my strong support for the proposed replacement hospital for Advocate Trinity on the Southeast Side of Chicago. As Alderman of the 10th Ward, I am fully aware of the critical need for accessible healthcare services in our community, and I believe that this new hospital will serve as a cornerstone in the revitalization of our neighborhood, particularly as part of the larger development underway at the former USX site.

The addition of the Quantum facility to the 10th Ward is a pivotal element of a broader vision for growth and improvement in our community. This state-of-the-art healthcare facility will not only provide essential medical services but will also contribute significantly to the economic and social revitalization of the area. As we work toward bringing new jobs, resources, and opportunities to the residents of our community, the integration of the Advocate Trinity replacement hospital within this larger development plan ensures that our community's health and well-being are front and center in this transformation.

This new hospital will be a vital asset, offering improved access to healthcare, preventive services, and specialized care for the residents of the South Side. It will also serve as a beacon for future investment, demonstrating our commitment to creating an equitable, sustainable, and vibrant community for all.

I respectfully urge your support and prompt approval of this essential project. Thank you for your attention to this important matter. Please feel free to contact my office should you require any further information or assistance.

Sincerely,

Ald. Peter Chico, 10th Ward
