COMMISSIONER STANLEY MOORE
COOK COUNTY BOARD OF COMMISSIONERS – 4th DISTRICT

January 24, 2025

Debra Savage, Chairwoman
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, Second Floor
Springfield, IL 62761

Chairwoman Debra Savage,

I am writing to offer my full support for Advocate Health's proposed replacement hospital for Advocate Trinity on the South Side of Chicago. As the Cook County Commissioner for the 4th County District, I have seen firsthand the challenges our community faces in accessing quality healthcare, particularly in historically underserved areas. The new hospital will address these challenges in a meaningful and transformative way.

I am particularly proud to support this initiative, not only as an elected official but also as a member of the community who understands the critical importance of this facility. My wife has worked at Advocate Trinity for many years, and her dedication to providing exceptional care to our neighbors has made me even more aware of the profound impact that a well-supported, well-resourced hospital can have on individuals and families. This replacement hospital will ensure that future generations of South Side residents will have access to the care they need, where they need it most.

Throughout the planning process, Advocate's leadership has been a model of transparency, inclusivity, and collaboration. This open dialogue has resulted in a facility that not only meets the highest standards of modern medicine but also reflects the unique needs of our community.

I am honored to work alongside Advocate's leadership to bring this vision to life in the 4th District and I will continue to advocate for initiatives that improve the quality of life for the people of Cook County. I respectfully urge the Illinois Health Facilities and Services Review Board to approve this application.

Sincerely,

Stanley Moore

Cook County Commissioner Stanley Moore, 4th District
