RE: OSF Hospital

Ottawa, Ill 61350

From: Patricia Curl

26 Bona Terra Dr

Ottawa, Ill 61350

My family moved to Ottawa in 1968 and always proud and happy with staff and medical treatment from hospitals thru the years. I had ~~of~~ my daughter in 1976, used ER, ICU also thru the years. I do not know what we would have done with out our "Community" hospital. We did not have transportation to out of town facilities.

Not only the best care at "Community" hospital, they were top employer in area.

Which was wonderful for Ottawa growth.

Please reconsider, and keep

OB + ICU. It is so important!

Sincerely, Patricia Curl

To Whom it may Concern

Reference: OSF OB Department

From Patricia Curl 26 Kona Terrace
Ottawa IL 61350

As long as men + women live
there will be babies born.

I am 84 years of age and had
my daughter, grandchildren and
great grandchildren born at
Ottawa Hospital. 3 Generations!
Ottawa will not be ~~as~~ a
beautiful place to live and
raise families if not for our
hospital.

Please reconsider your
plans to "down-size" and
keep OSF hospital and the
City of Ottawa the "best"
for family health. We all need you!

Sincerely

Patricia Curl
