Lindsey LaPointe
STATE REPRESENTATIVE • 19th DISTRICT

06/19/25

Dear Mr. John P. Knierly:

As the State Representative of the 19th House District, I am pleased to write this Letter of Support in regards to the re-opening of the Six Corners Same Day Surgery Center.

Infamous for being a human service desert, the far Northwest side has historically fallen short in meeting the needs of local residents, specifically in offering neighbors an accessible and local option for various levels of healthcare. Since the closing of Six Corners Same Day Surgery Center, the area has seen significant redevelopment, which has brought in an influx of new residents, including seniors, to the Six Corners area, many of whom would benefit from having a surgical center within walking distance.

The new projects completed in the last few months include:

- New 248 senior residence development project starting in fall of 2019 and block sized complex with 550 new apartments approved. Both within a block walking distance
- The Point at Six Corners
- The Clarendale at Six Corners
- 6 Corners Lofts: Building accommodates more than 200 residences

I support and hope that the Illinois Health Facilities and Services Review Board will approve the Certificate of Need for the Six Corners Same Day Surgery Center, bringing much-needed services and care to our community.

If you have any questions, please do not hesitate to contact me. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "L. LaPointe".

Lindsey LaPointe
State Representative
19th House District of Illinois
