Request for Public Hearing – Project #25-043, The Hope Clinic for Women LTD

To Whom It May Concern:

On behalf of the Center for Client Safety, I respectfully submit this formal request for a public hearing regarding **Project #25-043**, in which The Hope Clinic for Women LTD, located at 1602 21st Street in Granite City, Illinois, proposes to relinquish its licensure status of Ambulatory Surgery Treatment Center.

Center for Client Safety, along with members of the community, believes that a public hearing would provide an important opportunity to review the proposed action, ask clarifying questions, and ensure full transparency in the process. Given the significance of this change for patients and the surrounding community, we request that a hearing be scheduled.

Please direct any follow-up questions or confirmations of receipt to:
