Subject: [External] Written Comments Submitted Regarding Project #25-043, The Hope Clinic for Women LTD

To: Illinois Health Facilities Review Board

I am writing in regards to The Hope Clinic for Women LTD's request to relinquish licensure status. If you really care about women, you will not allow this. Hope Clinic has already failed an inspection in 2022 and has not had one since. In that time period, twenty six women had reported medical emergencies, with more coming to light. A complete in-person inspection should be done before any decision is made. Women's health and safety is in your hands. Please do not fail them.

Sincerely,

Moises Monroy
