

To Whom It May Concern,

I am writing to express my support for adding Arcadia Care as another skilled care facility in Lincoln, Illinois. Bringing this nursing home to Logan County would provide several important benefits:

- Much-needed long-term skilled care for individuals who require ongoing medical support
- New employment opportunities for qualified nurses and CNAs in our area
- Strengthened healthcare services throughout the county through added resources and potential partnerships

Please include my voice among those who recognize the need for this vital service in Lincoln, Illinois.

Current resident at Villas at Lincoln Assisted Living,

Bill Dolan
