

FROM THE OFFICE OF THE MAYOR
George D. Alpogianis

February 9, 2026

Ms. Debra Savage, Chairwomen
Illinois Health Facilities and Services Review Board
525 W Jefferson Street Second Floor
Springfield, IL. 62761

Dear Ms. Savage,

As Mayor of Niles, I am proud to offer my support to the Advocate Lutheran General Project. The Village of Niles is privileged to have the hospital in our community, and our municipality has had a successful partnership with the hospital for many years.

I support the Advocate Lutheran General Hospital expansion to spend \$99 million to expand cancer care on its Park Ridge campus. This project will meet the growing need for innovative cancer care as well as the projected demand for these cutting-edge treatments in a coordinated, fully integrated location with increased space and resources. With many of our residents increasing in age, this expansion will be a great service for our community and to all who need its service.

I respectfully ask the members of the Illinois Health facilities and services Review Board to approve the Certificate of Need request for the Lutheran General bed expansion project.

Thank you for your attention and support. Feel free to contact my office at 847-588-8001 or at mayor@vniles.com.

Sincerely,

George D. Alpogianis
Mayor, Village of Niles
